

Z-SHADE™ SIDEWALL SET UP INSTRUCTIONS

Refer to **USER MANUAL** for additional information.

The Z-Shade Sidewalls are designed to be used with our Venture™ (Straight Leg) Instant Canopy – frame set to the highest leg position.

1. Attach the Z-Shade sidewall to the frame as shown by wrapping the top hook & loop straps around the upper trusses and above the pull pin sliders.
2. Attach the side hook and loop straps around the legs. Press all straps together firmly.
4. Repeat above steps for remaining sidewall.

NOTE: The top of sidewalls tucks underneath fabric top.

I M P O R T A N T

1. To ensure proper sidewall fit, slightly position legs inward and then attach sidewall. **NOTE:** Sidewalls should be attached **BEFORE** frame is staked down.
2. Always stake or weigh down your Z-Shade canopy. Do not use in any potentially windy or rainy weather. Wind and rain can damage the canopy and may also result in injury to you or others. Therefore, do not rely on canopy for protection in heavy or prolonged rain storms.
3. The Z-Shade canopy is designed as a temporary sun shelter. Do not leave up for extended periods.
4. Use caution when handling the Z-Shade frame. Avoid pinching hands or fingers as frame opens or closes.
5. Do not use canopy in a lightning storm.
6. Do not leave your canopy unattended.
7. Do not build fires under canopy.
